PROFESSIONAL SUMMARY & SKILLS

Completed my masters in Bioinformatics @Bharathidasan University. I am interested and motivated in full stack development. Proficient in various programming languages, frameworks and technologies. Adapt at problem-solving, collaborating with teams, and delivering quality code on time

Programming languages: Python, HTML, CSS, JavaScript.
Front-end framework : React, Bootstrap.
Back-end framework : Flask, Dijango.
Databases : MySQL, MongoDB.

S.No	Degree	Institution	Passing Year	Percentage/ CGPA
1.	M.Sc. Bioinformatics	Bharathidasan University	July,2023	8.33
2.	HSC	CK school of practical knowledge	June,2018	65.9%
3.	SSLC	Aristo public school	July,2016	84%

EXPERIENCE

Antiviral Database
CSIR - Central Leather Research Institute
Dec 2022 – April 2023 **(Funded)**

- Designed and developed a database using HTML, CSS, MySQL and Python Flask

PROJECT

MP-DSD v1.0 (Database)
Bharathidasan University
April 2023 – June 2023 **(BECH-RUSA Funded)**

- Designed and developed a database using MongoDB , HTML(Bootstrap) , python Dijango
